Volunteers Needed!

For any or all of Friday & Saturday — this year or next! Some things for consideration:

- Relieving a department head so they can eat or enjoy looking around
- Helping at the gate taking monies during peak times
- Cake walk at 3PM on Saturday
- Being on call for any errands or anything that may arise

We ask for your help for an hour or two just to give tired regulars a break —
great way to get some volunteer hours in with your community group, church or-
organization or youth group! Just speak to any Board Member about volunteering — or
come to the Treasurer’s booth during the fair!

Rules for Flower Entries

1) The Fair Committee will exercise care but cannot be responsible for any breakage or loss of plants, containers, or accessories used.
2) Multiple blue, one red and one white ribbon may be awarded in each class at the discretion of the judges. Tri-colored ribbon will be awarded for Best in Show, in horticulture, arrangements and junior arrangements.
3) **Horticulture (Classes #1-26):**
4) Only one entry per person in each class
5) Maximum of eight (8) s per person
6) s should be in soft drink bottles
7) All flowers much be grown by or
8) Only one flower per stem unless otherwise stated
9) **Arrangements (Classes #35-48):**
10) Only one entry per person in each class
11) Maximum of eight (8) s per person
12) Arrangement means the artistic use of cut flowers, other plant material with the exception of classes 36, 51 & 52
13) Dried branches may be used with fresh plant material for purposes of creating a line
14) Flower Department is located in the Rescue Squad Hall.

**How Entries are Judged:**

- Entries are judged on their appearance at time, not how they looked or will look.
- Stems should be straight and strong to hold the flowers upright. A perfect score for condition is given only to flowers at their ideal stage of development at judging time. Flowers and foliage should be firm and crisp with no evidence of wilting. Tips or petal margins should not have curling, fading or browning.
- Containers used for horticultural classes serve only to hold material in upright position. They should not take attention away from the flowers.
- A goo flower arrangement helps you to see all of the specimens clearly. Flowers should have stems about the same height with blooms spaced so that petals do not overlap.
- The relation of colors to one another in the arrangement should make for a pleasing and unified arrangement of flowers and foliage. Good color harmony should also be evident between plant materials and the container.
- Arrangements should have a definite design with stems arranged to create an attractive effect, such as a triangle, s-curve, crescent or sunburst. This requires the tasteful use of color, space, texture and plant shapes. Foliage should be inserted so you cannot see the foam, wiring or tape used to hold stems in the container.

The Pembroke Charity, Inc.

What is it?

The Pembroke Charity is a non-profit corporation whose sole purpose is to contribute to non-profit, tax-exempt organizations located in the eastern district of Giles and southern end of Craig Counties.

Who is it?

The directors of the charity consist of the Mayor of Pembroke, the Eastern District of Giles Supervisor, the Giles Circuit Court Clerk and two representatives of Pembroke Telephone Cooperative.

Where does the money come from?

The Charity received, as a gift from Pembroke Telephone Cooperative, ownership of a limited partners' interest in a cellular telephone franchise in the Martinsville-Bedford area. The Charity subsequently sold the interest to the general partner. Proceeds from this sale are held in local banks and interest from these deposits are distributed as contributions.

In addition, the Charity from time to time receives memorials from individuals and companies. This way memorials can be disbursed to several organizations in the area in contrast to a specific organization.

How are allocations decided?

In April and October of each year the directors meet to discuss and make allocations based on applications. The applications are reviewed by the board. Based on financial need and order of importance, contributions amounts are decided.

How does an organization apply?

Applications may be obtained at the business office of Pembroke Telephone Cooperative; via mail by contacting Pembroke Telephone Cooperative; or online at www.pemtel.com. The Cooperative handles the day to day affairs of the Charity under a contractual agreement.

“Sometimes people come into your life for a moment, a day, or a lifetime. It matters not the time they spent with you but how they impacted your life in that time.”

IN MEMORY OF CLARENCE GIVENS

1936-2017
Come child and listen to my story:

Once there lived a man in the hollows of Newport that we called Clover Hollow. He was a quiet, gentle soul who lived among his trees and some never knew the man existed. However this man was a part of the village of Newport and stepped up to throw his stones at unwelcome Giants more than once. Some never knew the countless hours he devoted to the village of Newport. In the depths of his soul was a fierce drive to battle the enemies and he chose to fight those enemies with an amazing endless knowledge.

Who were these Giants you ask? Giants that challenged the existence of our village. Giants that chose to come as thieves in the night and take what did not belong to them. Some thought the Giants represented growth and prosperity. Most of the villagers knew that money could not buy happiness and were sad that those Giants never knew the real meaning of life. They were Giants that had never walked our Mountains, stuck their city toes in our Creeks or drunk from our many Bubbling Springs. I am very sorry that you won’t know that either.

Did he win? Depends on what you define as win. What value do you put in winning? This man gave from his heart (one that had to be repaired during one battle I might add) and he gained the respect and appreciation of so many villagers. So I say again, depends on your definition of win!

PRESENSE NEWPORT HISTORICAL PROPERTIES WOULD LIKE TO ACKNOWLEDGE THE COMMITMENT OF DAVE BRADY TO THE VILLAGE OF NEWPORT.

GIANTS CANNOT TAKE AWAY HIS IMPRESSIVE EFFORTS AND KNOWLEDGE THAT HE CHANNELED INTO A VIGILANT VOICE FOR THE VILLAGE OF NEWPORT!

PRESENSE NEWPORT HISTORICAL PROPERTIES WOULD ALSO LIKE TO ACKNOWLEDGE THE COMMITMENT OF EACH AND EVERY VILLAGER THAT “GATHERED THE STONES” TO PRESERVE AND PROTECT OUR VILLAGE OF NEWPORT.

MANY, MANY THANKS to ALL!
